

Pave the Way

TimberTech® Pavers are made from a high-performance, composite material for a natural appearance and added strength to resist stains and scratches. Backed by the promise of high-quality materials that comes with the TimberTech name, our pavers come with a No Crack Warranty in residential applications. Each paver is made from up to 95% recycled material, which means every 500 sq. ft. of TimberTech Pavers prevents approximately 250 truck tires and 7,500 plastic containers from entering U.S. landfills.

- Lightweight and easy to carry
- Quick and easy installation
- Resists stains, scratches, and cracking
- Offered in 3 unique options

RESURFACE PATIOS & WALKWAYS	•		
DRIVEWAYS & PARKING LOTS		•	•
PATIOS & WALKWAYS		•	•
PLAZAS & ENTRANCES		•	•

As with nearly all paver products, the color and finish of TimberTech Pavers will change over time with exposure to moisture, sunlight, heat, time and other variables, which vary by region/geography and typically takes anywhere from 3-24 months to be noticeable. This normal weathering effect is visual in nature and does not affect TimberTech Pavers' long-term durability, nor is it covered under the TimberTech Paver Warranty. As TimberTech Pavers weather, they may become more susceptible to surface scuffing, chalking or staining. See the TimberTech Paver Care and Cleaning Guide for easy ways to keep the pavers looking their best.

Resurfacing Pavers

Revitalize your home by transforming an old concrete patio, walkway, or deck into a new and beautiful space. Resurfacing Pavers are also a perfect way to increase usable space such as rooftops and balconies.

Standard Pavers

Standard Pavers have the features and benefits of Resurfacing Pavers but with the added strength to be used for in-ground applications. They are installed using an aggregate base under the patented grid system and are best used for the new construction of patios, walkways, driveways and commercial spaces.

Permeable Pavers

For areas in need of a water management solution, choose Permeable Pavers.
