Common Decking Terms

Color Blending

Subtle to bold streaking of lighter and darker colors to resemble premium hardwoods.

Capping

Surface layer that protects against mold, mildew, moisture damage, scratches, fading, and staining.

Grain Pattern

The texture and finish on the board, representing a variety of wood species and treatments.

Board Material

The material composition of the core, either Capped Composite or Capped Polymer.

PRO TIP: For second floor applications or where the bottom of the board is visible, choose a 4-sided capped collection for best aesthetics.

TIMBERTECH® AZEK® DECKING

Bring the advanced material technology in both the cap and core of TimberTech decking to your backyard. TimberTech AZEK Decking offers up to 40% better slip resistance than competitors' decking, stays cooler on sunny days, and has superior resistance to the elements. From premium performance to stylish sophistication, TimberTech decking is revolutionizing outdoor living with long-lasting, low-maintenance, and beautifully natural looking decking options.

Landmark Collection™

REFINED. RUSTIC. UNIQUE.

Deck out your outdoor living space with the modern wood tones from this collection. Based off of reclaimed lumber, the classic cathedral grain pattern is complemented by a rustic crosscut grain and matte finish. The color-blending in these decking boards has cascading hues which result in natural color variation. And, just like in nature, the highlights and lowlights in each board's color vary from end-to-end and board-to-board making each deck unique.

Harvest Collection®

WARM. NATURAL. EFFORTLESS.

This stylish collection offers solid color boards for a painted wood look. Composed of soft, natural shades, this collection complements most home's exteriors and offers a traditional cathedral wood grain pattern.

Porch

ELEGANT. STYLISH. DURABLE.

Forget curb appeal — it's all about porch appeal these days. Warm, natural-looking, and nuanced colors round out the Porch Collection to help create an inviting space to greet guests or simply lounge. With tongue and groove technology, these porch boards feature a tighter-fit between boards for a more polished look. Offered in both standard and wide width, you can make a style statement on your front porch.

TIMBERTECH® PRO® DECKING

Explore premium decking in bold, beautiful colors with exceptional cap protection. Boards in these collections are covered from top to bottom and in the grooves with advanced Mold Guard® Technology to prevent moisture damage. Composed of up to 80% recycled material and offering color options ranging from solid to infinitely variable, the TimberTech PRO decking line doesn't disappoint.

PHOTO: Legacy Collection Pecan

Legacy Collection

BOLD. DRAMATIC. UNIQUE.

Stand apart from run-of-the-mill decks with this stunning, artisanal collection. This decking features a complex blend of several colors, natural board-to-board color variation, and a hand-scraped texture that offers old world charm. Just as every tree found in nature is unique, every deck board in the Legacy Collection is unique.

Reserve Collection

AUTHENTIC. RECLAIMED. INSPIRING.

Turn up the volume on composite decking with the complex coloring and striking wood grain visual from the colors of the Reserve Collection. Inspired by reclaimed wood, the heavy wire-brush finish highlights the classic cathedral wood grain and offers better slip resistance than competitors.

TIMBERTECH® COMPOSITE RAILING

Our most popular collection has rightly been dubbed the "Designer Series" of railing. Boasting multiple top rail and infill choices, this simple system gives you endless design options to make your outdoor living space truly yours. Take your home's outdoor space to the next level with its bold details and variety of colors with this railing series.

Photo: Classic Composite Series with Trademark Top Rail in White

Classic Composite Series

BOLD. BEAUTIFUL. REFINED.

5 top rail options | 3 Color options | 4 infill options

DRINK RAIL

Choose a deck board to complement your decking*

RADIANCE RAIL®

TRADEMARK RAIL™

Only Available in White and Matte White

PREMIER RAILING®

CONTEMPORARY RAIL

Contemporary Top Rail only available in the following colors

**Classic Black or Traditional Walnut colors available for Top Rail only. Please note that these colors are different from the five Classic Composite colors and will not be an exact match.

RadianceRail Express®

SIMPLE. SCULPTED. TIMELESS.

Rail Packs are available in different lengths for level and stair applications with baluster options to accommodate a 36" or 42" railing height. RadianceRail Express pairs with the 4" x 4" Post Sleeve.

RadianceRail Express gaskets are included the level Rail Packs, and RadianceRail Express hardware is included in all Rail Packs. Hardware and gaskets are also offered separately for installing two shorter sections while using one Rail Pack and for replacements.

Builder Rail

BOLD. MODERN. IMPACTFUL.

For a top rail, select standard width, full profile, square-shoulder deck boards.

TIMBERTECH® METAL RAILING

Keep your sightlines clear and your design lines sleek with these minimalist metal railings. Designed for style and safety, decks with these railings gain an added air of sophistication. Railing is the first thing neighbors see when they peek into each other’s yards, so make a style statement with a minimalist metal railing.

TIMBERTECH® PAVERS

Made from up to 95% recycled materials, TimberTech Pavers are high-performance, composite alternatives to stone that boast a natural appearance while resisting stains, scratches, and cracking for years to come. One-third the weight of traditional stone, TimberTech Pavers are ideal for resurfacing patios, balconies, and rooftops.

AZEK® Trim with Protective Film

AZEK Trim is cellular PVC with a crisp white semi-matte finish providing years of low maintenance for homeowners. To ensure that it looks as beautiful on your homes as it does when it leaves our facilities, our Classic AZEK Trim in Smooth and Woodgrain finish comes with a protective film.

AZEK Trim with protective film should be kept dry prior to installation. Do not expose film to direct sunlight for extended periods. Protective film can be removed prior to, during or immediately after installation.

AZEK TRIM FILM WILL BE ON THE FOLLOWING SMOOTH AND WOODGRAIN TRIM PRODUCTS

Classic AZEK Trim, Smooth and Woodgrain

AZEK Trim is a finishing touch that is far superior to wood. AZEK Trim is more durable and keeps its appearance longer with little maintenance. It is easily milled, routed and heat formed for exquisite custom looks or curved applications. No staining or sealing needed. AZEK Trim is easily painted for personal styling.

42

43

AZEK® Trim with PaintPro® Technology

No primer needed. Get work finished faster thanks to quicker drying time. PaintPro can be handled 30 minutes after painting. AZEK Trim with PaintPro technology has all the benefits of AZEK Classic Trim including being virtually impervious to moisture, but also adds the benefit of a superior paint bond that enhances long-term performance.

Classic AZEK Sheet

Applications over 16" wide are easy with Classic AZEK Sheet. Ideal for use in bay windows, dormers and raised panels.

PaintPro Sheet

Applications over 16" wide are easy with AZEK PaintPro Sheet. Ideal for use in bay windows, dormers, and raised panels.

AZEK® to Mill (ATM)

ATM's thick profile makes it an ideal material for fabrication. Its consistent density offers a superior product for milling operations.

Rabbeted Trim

With rabbeted edges, this one-piece trimboard is designed to ease siding installation and deliver a crisp facade.

Flange Slotted Trim

Typical window trims installed over a window nailing fin need to be shimmed or pulled back for the trim to lay flat. Flange Slotted Window Trim does not and is engineered to create consistent long-lasting window surrounds by removing the installation challenges created by windows installed with a nailing fin.

Cornerboards

With dirt-free seams that will not open, AZEK® Cornerboards offer faster and more aesthetically pleasing installations to complement any home exterior.

Rabbeted Cornerboards

With rabbeted edges, this one-piece cornerboard is designed to make siding installations a breeze and help deliver a crisp facade with smooth outside edges and dirt-free seams.

Quick Corner®

The inner and outer quick corners are installed with hidden fasteners, completely eliminating the need for excessive face nailing and touch-up. It is also versatile enough to be used with multiple types of sidings.

J-Casing

J-Casing offers the most beautiful and seamless transition between your siding and trim. Engineered to reduce labor and save costs by eliminating paint and extra j-channel installs.

Universal Skirt Board

A two-piece skirt board with a two-sided trimboard (one side in Smooth, the other in Woodgrain) designed to assist with water management. Routed with a universal siding interface. Installation is quick and easy.

One-Piece Skirt Board

One-Piece Skirt Board is designed to eliminate purchasing and installing a separate starter strip, skirt board and flashing while helping drain water away from the main structure. Save time and cost without compromising aesthetics.

Integrated Drip Edge

Designed to assist with water management efforts around doors and windows. Comes in two pieces with a two-sided trimboard; one side in Smooth and the other in Woodgrain. Easy to install, the drip edge has an integrated nailing flange to reduce installation time and costs.

Beadboard

AZEK Beadboard is reversible with an edge and center bead on one side and a v-groove on the other. AZEK Beadboard (E & CB) is certified UL580 class 90 wind gust uplift-resistant, making it ideal for use in coastal areas.

Nickel Gap and Shiplap

AZEK Tongue and Groove profiles, available in shiplap and reversible WP4/ nickel gap form factors, offer enhanced design and installation flexibility.

Columns

AZEK's Column Wrap profile allows for easy one-person installation, saving time and costs. Three connected panels and a fourth "locking" panel fit easily around a structural support with press fit seams and smooth, finished corners. AZEK Column Wrap is available in semi-matte white Smooth finish.

Soffit System

Available in two profiles, Solid and Vented. Both provide climate-resistant material for smooth, beautiful finishing to match any home exterior. Add the notched fascia and frieze board and you have an efficient, easy-to-install system.

MOULDING

CREATE STUNNING DETAILS THAT LAST. Backed by AZEK’s promise of high-quality and lasting performance, AZEK Moulding will retain a like-new appearance despite the tests of time and weather. With over 30 different profiles to mix and match, you can customize any build with a distinctive look.

Crown Profiles

Use AZEK Crown Moulding as decorative accents along the intersection of a wall and ceiling or choose a combination of profiles to create an elegantly custom look.

Industry Leading Warranties

With decades in the business partnered with dedicated investments to research and development, AZEK makes it our mission to provide the best materials on the market. We guarantee the integrity of our siding, cladding, trim and moulding with a lifetime limited warranty that covers rotting, splitting, splintering, peeling and warping. It is also easy to maintain and resistant to mold, mildew and moisture damage. For more information, visit [AZEKexteriors.com/warranty](https://www.azekexteriors.com/warranty).

Contractor and Builder Information

AZEK® Siding, Cladding, Trim & Moulding should be installed using the same good building principles used to install wood trim and mouldings and in accordance with the local building codes and established installation guidelines. AZEK accepts no liability or responsibility for the improper installation of this product.

AZEK® Siding, Cladding, Trim & Moulding may not be suitable for every application and it is the sole responsibility of the installer to be sure that AZEK Siding, Cladding, Trim and Moulding are fit for the intended use. Since all installations are unique, it is also the installer's responsibility to determine specific requirements in regard to each application. AZEK recommends that all applications be reviewed by a licensed architect, engineer or local building official before installation.

AZEK Shingle Siding with PaintPro® Technology

Made from a state-of-the-art proprietary engineered polymer, AZEK® Shingle matches the attractive texture of cedar shingles while adding the performance and low-maintenance benefits of rot-proof PVC building materials. Leveraging our innovative new PaintPro Technology, AZEK Shingle offers a rapid dry time, superior paint adhesion, and a painted finish that lasts without needing touch-ups or frequent maintenance.

Straight Edge Shingle

Consistency with a dash of variety. Uniform horizontal lines with varied width tabs and key ways for the most natural-looking shingle to beautifully complement modern or classic exterior architecture.

Staggered Edge Shingle

Patterns with individual character, dimension, and diversity. Each random edge panel enhances the overall pattern for an amazing exterior picture. Beautiful variety in both vertical and horizontal lines.

Board and Batten

Both AZEK Sheet (board) and Trim Boards (batten strips) are made from moisture-resistant, premium cellular PVC engineered to endure. For a finished look that requires paint, use Sheet and Trim Boards enhanced with AZEK PaintPro Technology. If a timeless white board and batten look is desired, use AZEK Classic Sheet and Trim Boards that come in a semi-matte white finish and require no painting.

See full listing of trim board and sheet sizes on pages 43 and 44.

AZEK® Cladding

AZEK Capped Polymer Cladding offers a wide range of color options, multiple board widths and offers both tongue-and-groove (closed-joint) and square shoulder boards (open-joint).

See full listing of cladding plank colors and sizes listed within the TimberTech AZEK Vintage Collection® on pages 5 and 7.

RESIDENTIAL WARRANTIES

COMMERCIAL WARRANTIES

Designed for Residential and Commercial

AZEK Capped Polymer Cladding is designed for commercial, residential and multi-family projects. Delivering the full aesthetic experience of premium hardwoods without the laborious, costly, and constant upkeep required with traditional lumber. Our one-of-a-kind capped polymer boards achieve a realistic hardwood look that lasts—that's why we back them with industry-leading fade and stain and product warranties for both commercial and residential buildings.

Adhesive and Tools

Quickly, easily and securely bond AZEK trim to multiple surfaces with AZEK adhesives engineered specifically to bond with PVC products. Get a permanent solution for core-to-core bonding, surface bonding, sealing and filling PVC trim and moulding for an attractive finish.

Fast Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 4-7 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/8". Requires Qwik-Mixer for easy mixing and dispensing.

Slow Cure Adhesive

White, two-part acrylic-based adhesive ideal for bonding AZEK to AZEK products. Also bonds PVC to wood, metal, brick, vinyl, glass and other PVC. Work time 15-25 minutes at 70°F. Fully cures in 24 hours. Fills nail holes and gaps up to 1/2". Requires Qwik-Mixer for easy mixing and dispensing.

Cellular PVC Cement

Clear, contact-style adhesive bonds with PVC in a fast working time. Ideal for securing joints. Creates a powerful and reliable material bond with no sanding or scraping required. Use AZEK Cellular PVC Cement to connect trim when a tight compression is required, such as connecting trim end-to-end (scarf joints) and at corners (miter joints).

Fill & Flex

Use for expansion and contraction joints on PVC trim boards. Seals gaps around windows and doors. Slow curing, one-part, urethane-based sealant with high level of flexibility and elongation to absorb expansion and contraction from heat or cold.

Adhesive Accessories

QWIK-MIXERS

50 ml: AAD50MLSQM,
220 ml: AAD220MLQM

Required dispenser for Fast Cure and Slow Cure AZEK Adhesive products. The resin and catalyst blend together as they travel down the tube to the applicator tip. Ensures 1:1 ratio mix and provides easy adhesive application. 24 per pack.

NAIL ERASER

Fills finish nail and brad holes in PVC trim board. Resists yellowing. .5oz

MANUAL 220 ML DISPENSING GUN

Its 26:1 mechanical advantage dispenses high and low viscosity adhesives with less user fatigue. Designed to maximize durability.

MANUAL 50 ML DISPENSING GUN

Made of highly engineered plastic to be lightweight and powerful. Easy loading breech provides secure cartridge fit.

CAULKING GUN ADAPTER

Tool adapter for caulking guns.

PLASTIC JOINING BISCUITS

Easy way to join, seal and finish PVC trim. 50 per pack

CORTEX®

Save time, money, and labor costs with Cortex for AZEK® Trim. The only concealed fastening system that quickly and easily fastens AZEK Trim to your building project comes with collated strips to make fastening up to 50% faster. The felt tip on the unique bit prevents surface marring while driving fasteners securely below the trim surface. Plugs made of AZEK Trim tap in for a clean, flush finish. No mess and or fading over the life of the project. Plus, Cortex fasteners offer a stronger connection than nails.

Cortex Benefits

- Fast and easy: eliminates the need to caulk, sand and paint each nail hole
- Plugs made out of same AZEK material as trim; eliminates fading or streaking
- Can be painted
- Guaranteed corrosion resistance for life of the project; ACQ approved
