Love my new TimberTech AZEK deck!

We chose AZEK because of its durability, realistic look, and color choices compared to other products. We chose the Vintage Collection® and couldn’t be more thrilled with the outcome. The deck is both functional and a work of art. It feels more solid than wood ... And looks like real wood. The best part is that we won’t have to stain it every year, saving us a lot of time and hassle.
