

Attainable and Attractive

Step up into the world of long-lasting, low-maintenance, capped composite decking. This attainable composite decking line allows homeowners to ditch the costly and laborious maintenance that comes with traditional wood for good! Plus, it's composed of up to 80% recycled materials, making it the sustainable option. With TimberTech EDGE® Decking, backyards everywhere can venture into the world of composites that look good initially and for decades to come.

- Wood and resin composite core protected by a fully synthetic 3-sided cap
- Extremely low-maintenance – never requires sanding, sealing, or staining
- Fully synthetic cap protects board surface from mold and mildew
- Boards are designed to resist fading – backed by a 25-Year Fade & Stain Limited Warranty
- Made from up to 80% recycled material making it a sustainable alternative to wood. No trees are felled for this product
