NOTE: Points accumulated during the current program year must be used by February 29, 2024. THEY WILL NOT ROLL OVER. Points will expire after the February 29, 2024 deadline. Level will roll over for one year. Points may be used at any time during the program year. Program date runs January 1, 2023 – December 31, 2023. Invoices need to be submitted by January 31, 2024. Invoices with December 2023 purchase dates can be held and uploaded after December 31st and still be counted toward your 2023 total – and the points applied to 2023. Points are awarded at the percentage rate communicated at each tier. Reach out to your Sales Rep with questions.

The TimberTech Limited Replacement Labor Warranty may be transferred one (1) time, within the five (5) year period beginning from the date of original purchase by a qualified purchaser, to a subsequent buyer of the property upon which the product system was originally installed.

The TimberTech Limited Replacement Labor Warranty applies to installations completed after November 1, 2018, and is only applicable and enforceable in the United States of America and Canada.

Visit [timbertech.com/warranties](https://www.timbertech.com/warranties) for more information about warranties.

1) All TimberTech Advanced PVC Deck products; 2) All TimberTech Advanced PVC Porch products; 3) All TimberTech Composite Deck products which are capped on four sides (does not include TimberTech's Prime Collection, Prime+ Collection, Premier Collection, or ReliaBoard® decking); 4) All TimberTech Railing Systems – must be full system including balusters, posts, bottom rails, and top rails; 5) Fasteners including FUSIONLoc®, CONCEALoc®, TOPLoc®, SIDELOC™, and Cortex®. This Warranty does NOT cover fasteners manufactured or supplied by companies other than Manufacturer even though some of those products may display the logos, company, or product names of Manufacturer products.

SIMPLIFIED WARRANTIES

At the end of each project, submit your invoice within 60 days of job completion. Your submitted invoice will register your customer's material and labor warranties, which will be sent to them on your behalf along with a certificate and branded gift. At the same time, you'll earn and accrue points that can be put right back into your business.

TimberTech
EVERYTHING WOOD SHOULD BE™

UNPARALLELED PRODUCTS

As a member of The Board™, you're part of a brand that's leading the way. Our innovative decking and railing systems are helping people live their best lives outdoors.

TIMBER: REALISTIC WOOD LOOKS

Designed to resemble your customers' favorite wood species and types, TimberTech delivers premium aesthetics and natural-looking composite decking — and the largest selection of colors and textures so you can find the perfect match.

TECH: ENGINEERED FOR PERFORMANCE

With innovative materials technology, our decking resists fading and staining — and won't splinter, peel, crack, or rot. So your customers' decks will look and perform beautifully for decades without the worry and maintenance of wood.

PLANET: MADE SUSTAINABLY

Made from up to 80% recycled content — utilizing landfill-bound waste such as milk jugs, plastic bags, and even post-industrial scrap like vinyl siding — TimberTech decking is an environmentally-friendly choice your customers will appreciate.

VINTAGE COLLECTION®*Exotic Hardwood Aesthetic*

Engineered to resemble sought-after premium hardwoods like Ipe, Mahogany, and Teak, the Vintage Collection delivers high-end aesthetics. The collection features a refined wire-brushed finish and multi-tonal color blending with highlights and lowlights to replicate the nuanced colors of these prized hardwoods.

- Multi-Width Decking available in all colors.
- MAX (1.5" thick) boards available in Coastline. Can span up to 24" on center, making it ideal for boardwalks, docks, and other commercial applications.
- Best choice for fire zones thanks to WUI-compliance and Class A Flame Spread Index rating.

LANDMARK COLLECTION™*Crosscut Hardwoods*

The Landmark Collections is designed to resemble popular hardwoods like white oak and walnut that have been crosscut for character-rich texture. The crosscut grain with a matte finish delivers a soft yet textured look. Cascading colors define board-to-board color variation.

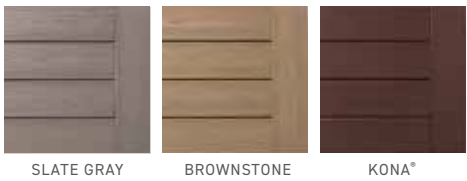

- All colors available in standard width and thickness.
- Better choice for fire zones thanks to Class A Flame Spread Index rating.

HARVEST COLLECTION®*Cathedral Grain*

The Harvest Collection features an attractive cathedral grain with varying peaks for an authentic wood look. The soft, solid colors deliver a painted or stained wood aesthetic and are highly versatile, suiting a wide range of styles.

- Brownstone and Slate Gray available in standard and wide widths.
- MAX (1.5" thick) boards available in Slate Gray. Can span up to 24" on center, making it ideal for boardwalks, docks, and other commercial applications.
- Better choice for fire zones thanks to WUI-compliance.

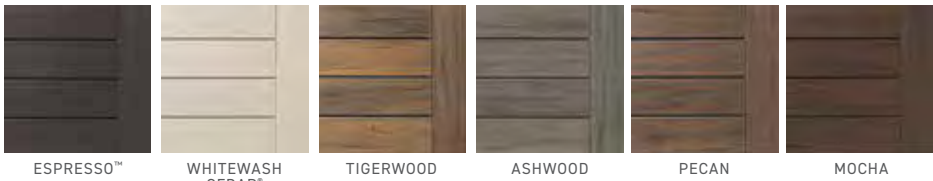

*Although TimberTech PVC Decking is cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.**TimberTech Prime+, Prime, and Premier Collections are covered by a 25-Year Limited Product Warranty and a 25-Year Fade & Stain Limited Warranty. The proprietary capping on the Prime+, Prime, and Premier Collections does not feature Mold Guard Technology.

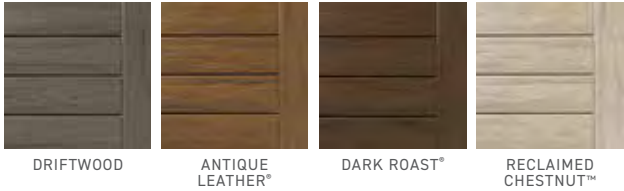

LEGACY COLLECTION*Hand-Scraped Finish*

The Legacy Collection features an artisanal, craftsman-inspired aesthetic with its cascading hues and textured hand-scraped finish. The variable grain pattern ensures each board is unique.

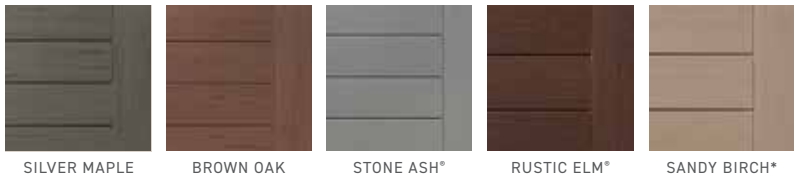

RESERVE COLLECTION*Reclaimed Wood Look*

With bold, multi-tonal colors and wire-brushed cathedral grain pattern, this Collection delivers the look and feel of reclaimed wood. Fire-resistant (FR) SKUs feature WUI-Compliance to offer a better choice for fire zones.

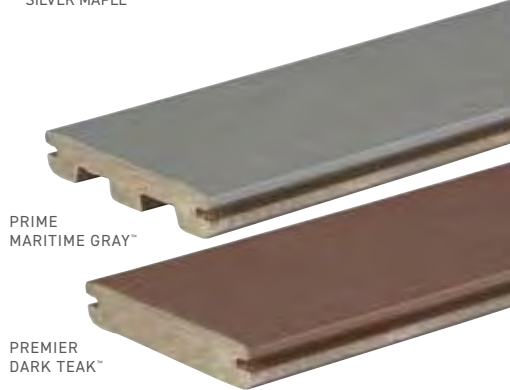

TERRAIN COLLECTION®*Rugged Cathedral Grain*

Embrace an authentic wood look with the Terrain Collection. Color options include a natural wood look or solid coloring for a stained wood look. With a scalloped profile, these boards are lighter in weight for easier installation — without sacrificing a solid underfoot feel.

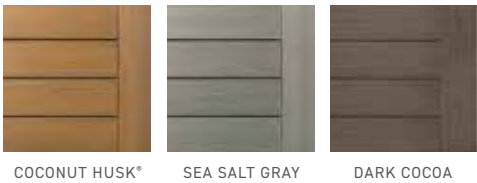

PRIME AND PREMIER COLLECTIONS™*Opaque Stained Wood*

Earthy, vivid wood stain colors and a subtle straight grain pattern. The Prime Collection has a scalloped board for a lighter weight without compromising a secure underfoot feel.

PRIME+ COLLECTION™*Traditional Wood Aesthetic*

Upgrade from wood with the authentic wood visual of the Prime+ Collection. Featuring inviting colors and a textured straight grain pattern, this collection delivers attractive aesthetics at an attainable price point.

REVOLUTIONIZING OUTDOOR LIVING FOR A MORE SUSTAINABLE FUTURE

OUR GOAL IS TO USE 1 BILLION POUNDS OF RECYCLED MATERIAL ANNUALLY BY THE END OF 2026.

We at TimberTech, along with our parent company, The AZEK Company, are on a mission to revolutionize outdoor living to create a more sustainable future. We strive to ensure nearly every level of our production process is better for the planet, from how we design our products to how we source materials to reusing water and scrap in the manufacturing of our products. With our PVC and plastic film recycling capabilities and use of 100% recycled wood fibers, we are helping to keep hundreds of millions of pounds of plastic, waste, and scrap out of landfills and the ocean each year.
