EARN

REWARDS WITH SIMPLE INVOICING & FUNDS

- 1

Create an account at AZEKNow.com
- 2

Upload and track your invoices
- 3

Receive and redeem funds

SUBMIT INVOICES

AZEKNow is our business support center, where you can upload invoices and manage your program funds. You'll also find other services to support your business, including our Merch Store and Marketing Technology Suite. Each time you upload your invoices, you'll earn rewards and unlock special discounts from our program partners.

PROGRAM FUNDS

For every dollar you spend on TimberTech, AZEK Exteriors & StruXure products throughout the year, you earn funds that can be used for marketing services and apparel, training and tools, or redeemed for cash. And as you advance through the tiers, you can earn more funds for each dollar spent.

MANAGE YOUR LEADS

Homeowner leads from TimberTech.com are viewable in your AZEKNow account. These customer are interested in your services and ready to build with TimberTech. Use these leads to win more jobs and earn more program funds from your projects.

FUNDS CAN BE EARNED ON PRODUCTS FROM THESE BRANDS

NOTE: Program funds accumulated during the current program year must be used by February 28, 2026. THEY WILL NOT ROLL OVER. Funds will expire after the February 28, 2025 deadline. Level will roll over for one year. Funds may be used at any time during the program year. Program date runs January 1, 2025 – December 31, 2025. Invoices need to be submitted by January 31, 2026. Invoices with December 2025 purchase dates can be held and uploaded after December 31 and still be counted toward your 2025 total – and the funds applied to 2025. Funds are awarded at the percentage rate communicated at each tier. Reach out to your sales rep with questions. Any unused funds by Platinum level contractors will be automatically redeemed at the end of each quarter in the form of a 100% cash out and mailed via check to the business address on file.

Visit <https://www.timbertech.com/about-warranties/> for more information about TimberTech's limited warranties, including covered products, limitations, and labor warranty eligibility.

OUR MOST REALISTIC WOOD LOOKS WITH UNPARALLELED PERFORMANCE

VINTAGE COLLECTION® Exotic Hardwoods

This collection captures the look of sought-after premium hardwoods—with a refined wire-brushed finish and multi-tonal color blending featuring highlights and lowlights.

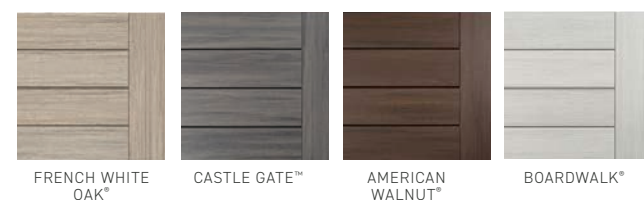

- Design flexibility with Multiwidth Decking in narrow, standard, and wide widths for all colors
- Vintage MAX (1.5" thick) dock boards allow for a 24" on-center installation; only available in Coastline
- With an Ignition Resistant designation, Class A Flame Spread Index rating, and WUI compliance, it's a best choice for fire zones

LANDMARK COLLECTION® Crosscut Hardwoods

For a look that resembles popular hardwoods like white oak and walnut, choose this crosscut cathedral grain style with a matte finish and cascading color blending for subtle board-to-board variation.

- All colors available in standard width
- With an Ignition Resistant designation, Class A Flame Spread Index rating, and WUI compliance, it's a best choice for fire zones

TOP-RATED FIRE RESISTANCE Ignition Resistant designation, Class A Flame Spread Rating, and/or WUI Compliant

SUSTAINABLE Made in the USA from up to 60% recycled material

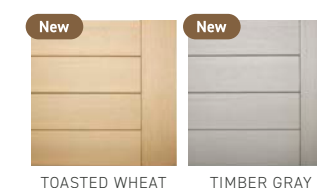

SUPER DURABLE Highly moisture-resistant & won't splinter, crack, peel, or rot

FRIENDLIER TO BARE FEET Splinter-free and up to 40% better traction than the competition

HARVEST+ COLLECTION® Understated Cathedral Grain New

Bring the character of gently worn hardwoods to your outdoor space. This collection features a beautifully aged patina for a natural, lived-in look.

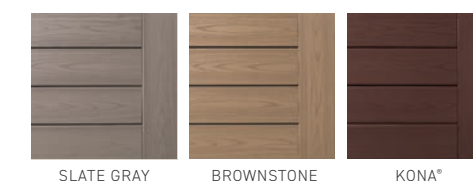

- Blended coloring with subtle highlights, lowlights, and tonal variations
- Artful layering of open and cathedral grain patterns with a low-gloss finish
- Harvest+ is expected to meet WUI requirements, but final testing was pending at the time of publication; please visit TimberTech.com for the most up-to-date information

HARVEST COLLECTION® Refined Cathedral Grain

Embrace the soft, inviting versatility of attractive cathedral grain — with varying peaks and soft, solid colors that suit a range of styles.

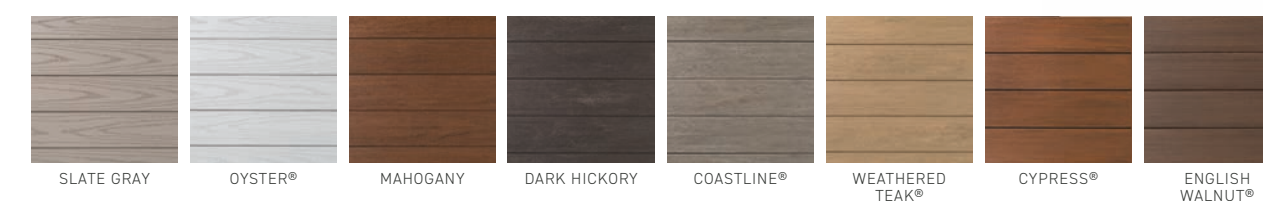

- Slate Gray and Brownstone available in standard & wide widths
- Harvest MAX (1.5" thick) boards allow for a 24" on-center installation; available in Slate Gray
- Better choice for fire zones thanks to WUI compliance

PORCH COLLECTION Hardwoods & Stained Wood

Bring the beauty and performance benefits of TimberTech Advanced PVC to the porch — with an innovative tongue-and-groove installation for smaller gaps.

- All colors available in standard width
- Wide-width porch boards available in Coastline, Cypress, Dark Hickory, English Walnut®, Mahogany, and Weathered Teak for curated design options.
- Better choice for fire zones thanks to WUI compliance

*Depending on environmental conditions, TimberTech Advanced PVC Deck colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees, where applicable.
 **Although TimberTech PVC Decking is cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.

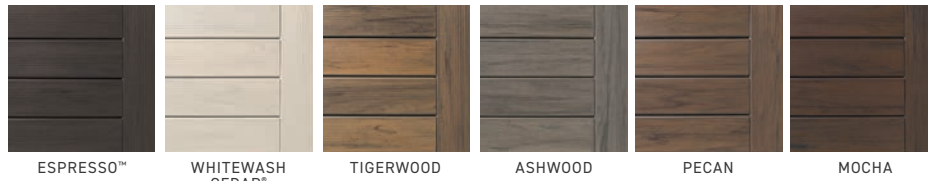

COMPOSITE IN A CLASS OF ITS OWN, WITH UNMATCHED WOOD LOOKS

LEGACY COLLECTION Hand-Scraped Finish

The Legacy Collection features an artisanal, craftsman-inspired aesthetic with its cascading hues and textured, hand-scraped finish. The variable grain pattern ensures each board is unique.

- Four-sided capping for superior moisture resistance — even in the grooves

RESERVE COLLECTION Reclaimed Wood

With bold, multi-tonal colors and wire-brushed cathedral grain pattern, this Collection delivers the look and feel of reclaimed wood.

- Fire-resistant (FR) SKUs feature WUI compliance to offer a better choice for fire zones
- Four-sided capping for superior moisture resistance — even in the grooves

TERRAIN+ COLLECTION™ Subtle Wood Grain

With new and improved color blending technology, these boards deliver sophisticated colors with a subtle grain pattern like sanded white oak and walnut for a versatile, natural wood look.

- Four-sided capping for superior moisture resistance — even in the grooves

DURABLE Won't split, splinter, or rot

FADE RESISTANT Maintains its rich color for decades*

MOISTURE RESISTANT Protected from mold, mildew, and rot

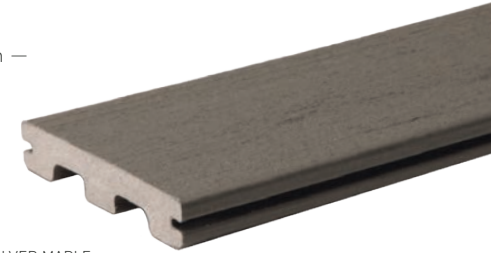

SUSTAINABLE Made in the USA from up to 85% recycled material

TERRAIN® COLLECTION Rugged Cathedral Grain

Embrace an authentic wood look with the Terrain Collection. Color options include a natural wood look or solid coloring for a stained wood look. With a scalloped profile, these boards are lighter in weight for easier installation — without sacrificing a solid underfoot feel.

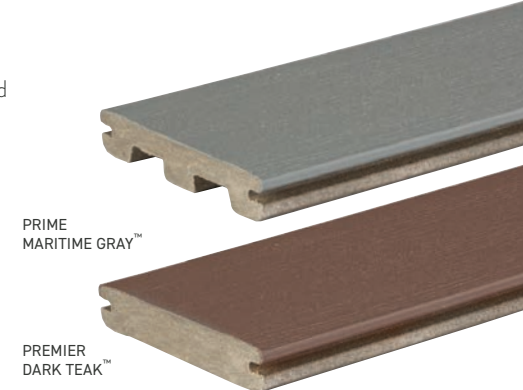

- Four-sided capping for superior moisture resistance — even in the grooves

PRIME AND PREMIER COLLECTIONS** Painted Wood

Earthy, vivid wood stain colors and a subtle straight grain pattern. The Prime Collection has a scalloped board for a lighter weight without compromising a secure underfoot feel.

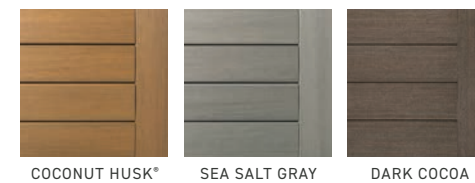

- Three-sided capping for excellent moisture resistance

PRIME+ COLLECTION® Timeless Wood Grain

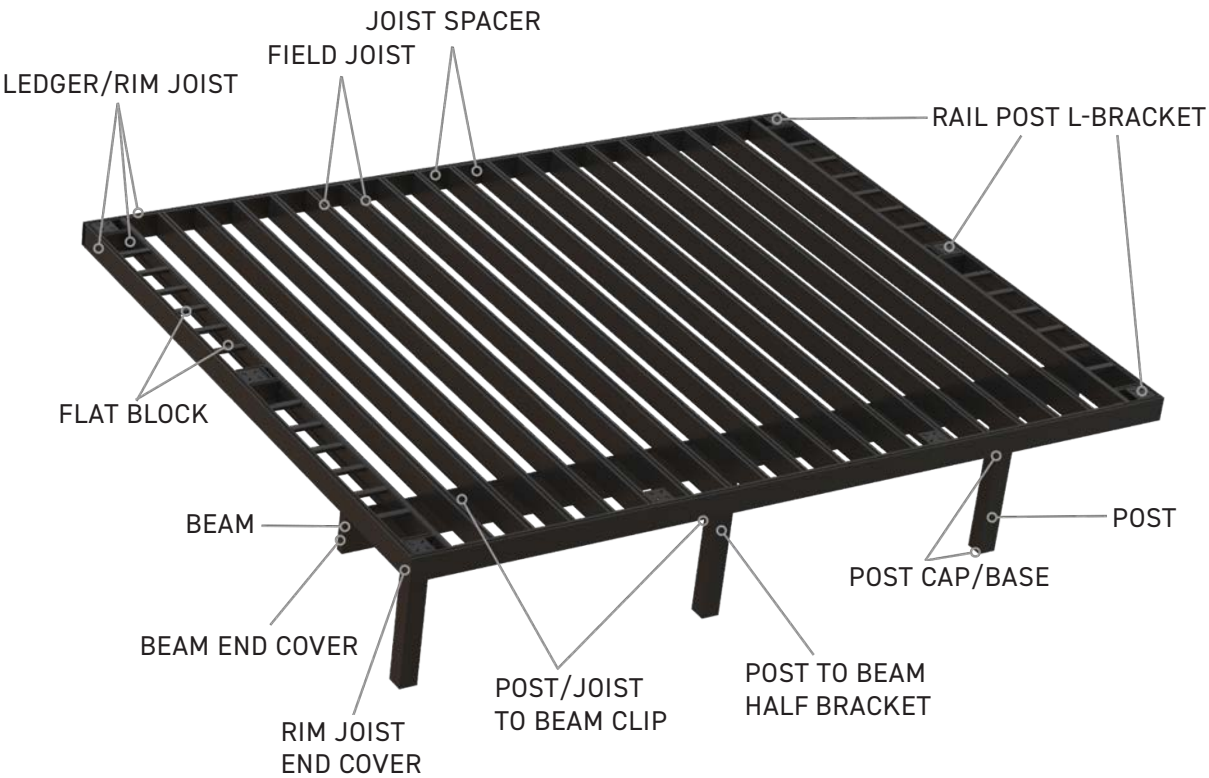

Upgrade from wood with the authentic wood visual of the Prime+ Collection. Featuring inviting colors and a textured straight grain pattern, this collection delivers attractive aesthetics at an attainable price point

- Three-sided capping for excellent moisture resistance

SUPERIOR TO BOTH WOOD AND STEEL

WHY TIMBERTECH ALUMINUM FRAMING?

- BUILT TO LAST** Manufactured from corrosion- and rot-resistant materials with main components that carry a Limited Lifetime Warranty
- HIGH STRENGTH** Achieves longer spans than typical 2" x 10" wood joist
- HIGH FIRE RESISTANCE** Made from inherently non-combusitble aluminum with a Class A Flame Spread Rating
- EASY HANDLING** Lightweight aluminum joists with tabs for easy handling and alignment
- HIGH CORROSION RESISTANCE** Highly resistant to moisture damage like rust, corrosion, and mold
- ECO-FRIENDLY** Made from recycled aluminum and can be reused or recycled at end of life

DETAILS

- Durable black powder coat finish — no need for touch-up paint on end cuts
- Compatible with all TimberTech Decking and Railing systems
- Frame your entire custom TimberTech deck, including stairs
- A mix of hidden and color-matched fasteners for a clean and seamless design

INSTALL BENEFITS

- Solid, flat surface creates a strong, level deck for years of lasting beauty
- Easier to work with than wood — no more sanding joists or dealing with unpredictable lumber
- Easier to work with than steel — no need for industrial power tools or burning through expensive saw blades
- Many components are mechanically attached, requiring fewer nuts and bolts and minimal on-site fabrication

TIMBERTECH ALUMINUM New

- ✓ Lightweight, consistent sizes, easy to work with using common tools
- ✓ Minimal maintenance
- ✓ Strength through proven engineering and design
- ✓ Generally impervious to decay from rust, rot, insects, moisture, and mold
- ✓ Class A Flame Spread Rating, naturally non-flammable material
- ✗ Often more expensive than wood and steel

STEEL

- ✓ Steel framing is stronger and more consistent than wood framing
- ✗ Heavy: cutting and drilling may require using industrial-strength tools
- ✗ Rusts: needs paint for protection
- ✗ Extremely dense, making it challenging to cut and work with

WOOD

- ✓ Wood is affordable, readily available, and commonly used in deck construction
- ✗ Moderately heavy — natural size and shape variations require sanding
- ✗ Requires maintenance to protect from moisture and decay
- ✗ Susceptible to moisture-related damage and deterioration; needs insect protection chemicals
- ✗ May burn readily, although fire treatment chemicals may be applied during manufacture

A SECURE FINISH

For the best possible installation, don't settle for anything less.

HIDDEN FASTENERS FOR GROOVED BOARDS

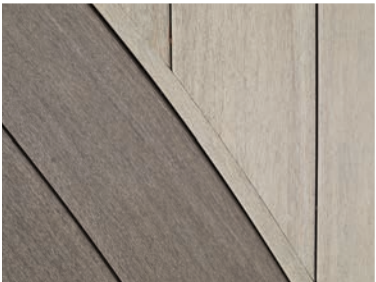

CONCEALoc®
With matte brown clips installed in between grooved boards for a hidden appearance, CONCEALoc® can be installed pneumatically with the FastenMaster TigerClaw Gun or manually using a drill. Designed exclusively for our grooved deck boards.

EDGELoc®
Designed exclusively for TimberTech Prime+, Prime, and Premier grooved boards, EDGELoc's nylon 12-clip collated strips and pre-set stainless steel screws make installation and create a 7/32" gap for a uniform appearance.
For use with Prime+®, Prime, and Premier grooved boards only

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

CORTEX®
Top-down system with material-matched plugs made of the same decking as the surface boards. The high-quality, ACQ-approved, specialty deck screws have a Torx® ttap® drive system and can be used on stairs and perimeter boards. Collated plugs now available for all decking colors*.

CORTEX® FOR ADVANCED PVC

CORTEX® FOR COMPOSITE

**Not for use with Prime+, Prime, or Terrain collections.*

CORTEX® COLLATED SCREWS New
For a more comfortable installation from the standing position, Cortex Screws can now be installed through the FastenMaster PAMFast™ Tool. With its smooth, consistent drive, PAMFast fastening technology prevents jams and dramatically reduces installation time.

PAMFast Tool sold separately.

SIDELoc™
Designed exclusively for TimberTech Advanced PVC square-shoulder boards, this system features screws installed at an angle through the side of the board and into the joist for a secure hold. Use the SIDELoc™ guide for consistent 1/8" board spacing.
Not for use with TimberTech Composite Decking.

TIMBERTECH® PRO-TAC™ FLASHING & JOIST TAPE
Helps extend the life of decking substructures by resisting water penetration and protecting the lumber substructure from rot.

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLoc® FOR ADVANCED PVC

TOPLoc® FOR COMPOSITE DECKING

TOPLoc® FASCIA FOR ADVANCED PVC

TOPLoc® FASCIA FOR COMPOSITE DECKING

DETAILS MAKE THE DIFFERENCE

Safety features and finishing touches make your deck a space you'll love for decades.

RISER BOARDS
Available for all TimberTech Advanced PVC and Composite collections. Advanced PVC Riser Boards can be used with Cortex plugs.

FASCIA BOARDS
Available in all TimberTech Advanced PVC and Composite Decking colors or White AZEK® Trim Boards.

DRYSPACE™ WATER MANAGEMENT SYSTEM
Make better use of the area under your deck with our under-deck water management system. Made of solid extruded vinyl for durability and weather resistance.

ENGINEERED TO LAST BEAUTIFULLY

Beautiful AZEK Siding, Trim, Moulding and Specialty profiles are water resistant, rot proof, easy to work with, and offer industry leading warranties.

Siding with PaintPro Technology. Column Wrap, Trim, Soffit, and Moulding in Classic White

AZEK[®] TRIM, MOULDING, AND SPECIALTIES

Engineered with advanced materials science, our PVC Trim and Moulding deliver exceptional durability and performance, while giving your home a crisp, clean look. They add architectural interest and help protect against water damage. Specialty solutions make installations faster and more effective as they add style, water management, convenience, and more.

Siding with PaintPro Technology. Trim, Cornerboard, Universal Skirt Board, Column Wrap, and J-Channel in Classic White

AZEK[®] SIDING

AZEK Siding wraps your home in beautiful designs and durable material that delivers ultra-low maintenance. Class A Flame Spread Ratings make our siding a good choice for fire zones. Made with the installer in mind, you may never consider wood or fiber cement again.

LEARN MORE

PAINTPRO[®] TECHNOLOGY

The products below feature ready-to-paint PaintPro Technology. PaintPro creates a superior bond with paint for improved coverage without the need for any special prep. It helps ensure longer-lasting curb appeal. With the revolutionary power of PaintPro Technology for exterior trim and siding, there's no need for frequent maintenance and expensive repainting.

TRIM AND SHEET

Versatile AZEK Sheet is useful for milled panels and large areas. Combined with extensive trim profiles, your projects are limitless. Also in Classic White.

SHINGLE SIDING

Shingle siding's sanded cedar look is so authentic it replaces rotted wood siding seamlessly. Shingle provides the natural, craftsman look of cedar shingles without the maintenance.

BOARD AND BATTEN SIDING

Also available in Classic White, Board & Batten offers design flexibility both in batten width and spacing plus a range of color choices.

AZEK[®] Straight Shingle Siding

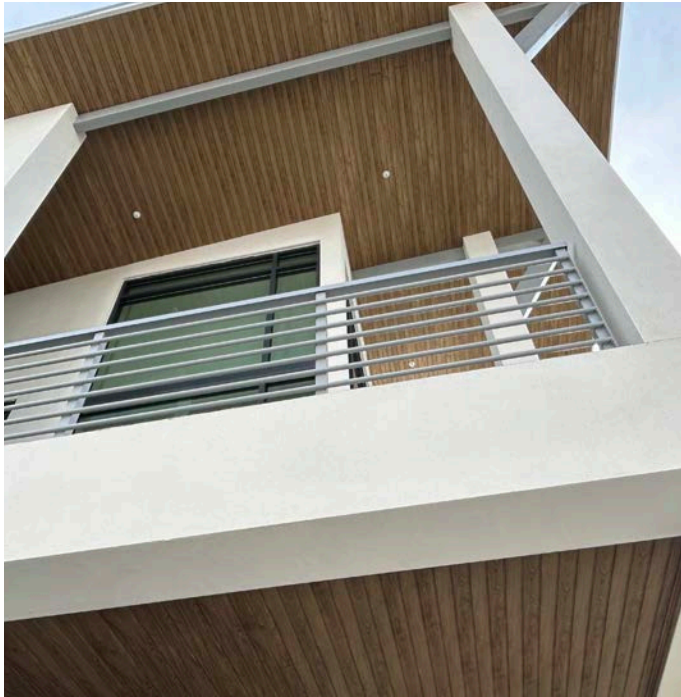

PREFINISHED SIDING AND TRIM

Starting with trim and siding enhanced with PaintPro, our regional prefinishers factory-paint your order with top-quality, solar reflective paints in a range of shades, including some custom colors. It's labor-saving, convenient, and a finish that's better than anything painted in the field.

ELEVATE YOUR CEILINGS WITH THE ALPINE COLLECTION

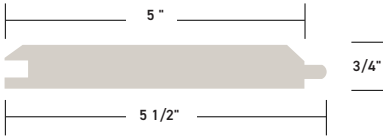

Turn up the beauty and turn off maintenance worries with AZEK Alpine in ceilings, soffits, porches, gazebos, and more. Combining low-maintenance polymer materials with a final layer of realistic, warm woodgrain finishes, Alpine handles the outdoors effortlessly with a stained wood look that never needs refinishing.

TONGUE-AND-GROOVE WP4

Tongue-and-Groove WP4 Harbor Ash

Tongue-and-Groove delivers the modern, wide-plank look to your project. The WP4 profile enables hidden fasteners, whether arranged horizontally, vertically, or angled. Available in 18'.

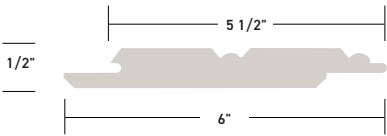

BEADBOARD

Beadboard Mission Oak

AZEK Alpine Beadboard provides a traditional, rustic farmhouse look with center bead and v-groove. Consistent interlocking design means tight joints and easy installation. Available in 18'.

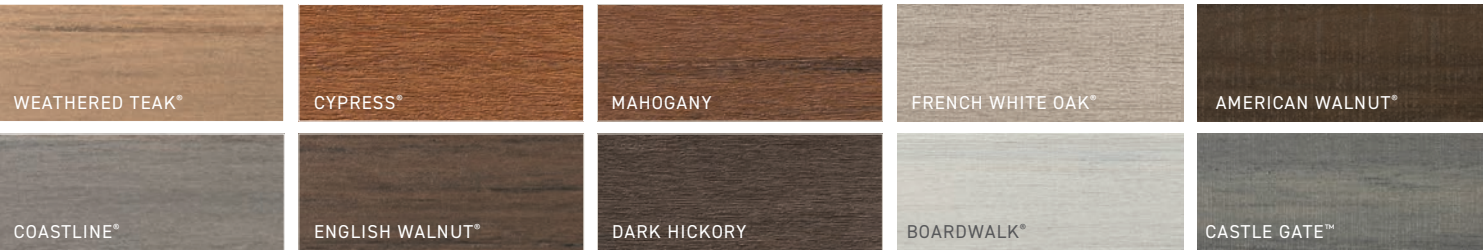

TimberTech
PVC CLADDING
BY AZEK

**SUPERIOR MATERIALS DELIVER
PREMIUM PERFORMANCE**

Cladding in Coastline®

Made of high-performance polymer material, TimberTech Cladding delivers the real wood looks you love without the maintenance. Plus, with colors and textures matching TimberTech Decking and Porch Collections, you can create a unified aesthetic across your home and outdoor living space.

TimberTech Cladding is made from the same material as our proprietary TimberTech Advanced PVC Decking. See page 18 for the performance benefits.

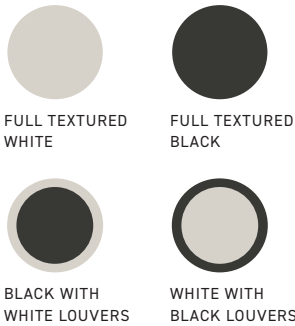

Cabana X[®] delivers smart, customizable outdoor spaces that remain protected from the elements. And with the innovative Cabana X MOD extensions, you can expand a covered space with ease.
